

# UEBT Member Portal

## Member Login

Prior to May 1, 2024, UEBT issued a web letter to all members and their adult dependents, providing a website login and password to access the Member Portal. You are still able to utilize these logins after May 1, 2024.

As of May 1, 2024, UEBT will no longer be assigning web portal logins and passwords for our members and their adult dependents. You will now be able to create your own login and password. Just click on the [Member Login](#) button in the upper right corner of this webpage and register. Information you will need to register is your last name, your date of birth and the members social security number.

In summary, if you received a web letter prior to May 1, 2024, that is your member login/password. If you are new to UEBT as of May 1, 2024 you will be able to login and create your own member login/password.

Please reach out to the Trust office should you have questions or need assistance.
